

## **Philemon Project GROW Center** *in Beirut, Lebanon*

### **ABOUT OUR PARTNER**

The Philemon Project GROW Center provides Christian early childhood development programs for underserved and at-risk children in Beirut, many of them Syrian refugees. The children are taught with active learning processes, using their imaginations and developing critical thinking skills. They are literally “coloring outside the lines,” and given the tools to create what their minds see rather than being locked into boundaries placed before them.

### **THE IMPACT**

While Lebanon does not provide any social services for underserved and at-risk children such as Syrian refugees, the Philemon Project GROW Center programs transform children, reshape families, and impact the community.

### **THE OPPORTUNITY**

The Outreach Foundation is seeking gifts to support the Philemon Project GROW Center. All gifts of any size are welcomed to assist with scholarships and general operations.
