

EGYPT

November 1-12, 2022

In the midst of global uncertainty, the Presbyterian Church of Egypt is hard at work and passionate about sharing the Good News! They are planting churches and revitalizing congregations that have been faithful for well over a hundred years. Of the 450 congregations which are a part of the Synod of the Nile (est. 1854), 25% were planted in the last 10 years - this is a movement with energy and vision! The team, led by Marilyn Borst, TOF's Associate Director for Partnership Development, will visit some of these initiatives and see how God is working through His people. We will experience exciting new church developments along with vibrant, existing congregations and explore possibilities for establishing ongoing church-to-church partnerships for individual congregations.

We will spend inspiring time with the staff and students at the Evangelical Theological Seminary in Cairo which is training the next generation of leadership to expand Christ's Kingdom in the Middle East. After five days in Cairo (which includes a visit to the Pyramids, of course) we will fly down to Aswan to be encouraged by the ministries of the Synod in its southern-most Presbytery and spend a day at the spectacular UNESCO World Heritage site of Abu Simbel, the rock-cut temples of Ramses the Great.

In this new "covid age," we will make every effort to stay safe and healthy. Our accommodations will be in first-class hotels. Our trusted travel agent in Egypt will make sure that our minibus is cleaned daily and will arrange for any necessary PCR tests. As required by a decision of Outreach's trustees, all travelers must be fully vaccinated.

Land cost: \$2,795 which includes hotel (double occupancy), transportation, most meals, transfers, touring, visa upon arrival, and in-country airfare between Cairo and Aswan. Price does not include international airfare and PCR tests if required upon departure.

For more information, contact Carol Dublin at carol@theoutreachfoundation.org or call (615) 778-8881.
